

Product information

VITO MEDMOUNT LTM S003

One-sided self-adhesive coated polyethylene foam, appropriate for applications on skin. The foam has a surface treatment for a better affinity to adhesives and inks.

Product composition

Carrier, PE-foam, white, 1 mm
Adhesive, modified acrylic PSA ME 09
Liner, siliconised paper, white, approx. 90 g/m²

Application

The product was designed to manufacture multi-purpose ECG-pads for all application in electrocardiogram recording.

The adhesive of the product enables very good adhesion and good skin compatibility.

Technical data and product properties

180° Peel adhesion on steel according to DIN EN 1939	foam failure
Loop-Tack on polypropylene, according to FINAT FTM 9	> 10 N / 25 mm
Temperature resistance	-40 °C to 70 °C

Storage and shelf life

12 month after receipt of goods, when stored at 18 °C and 60 % relative humidity protected from sunlight, in original packaging.
